To the Householder
Belgrave & Tecoma Community

Dear Sir or Madam,

Re: Construction of the new Belgrave Ambulance Branch

The Belgrave Ambulance Team has grown to become a 24-hour service. This increases the coverage to the Belgrave, Tecoma and Hills area and as part of that change to our Ambulance service a commitment has been made to provide a new Ambulance Branch to accommodate the Belgrave Team.

Since the original project was announced in May 2011 Ambulance Victoria has continued to test the viability of properties within the Belgrave & Tecoma areas to find the right location for the new Branch and in late September of this year finally found the right property in Rocksleigh Avenue, Tecoma.

To ensure we create the right outcome for your community we would like to invite you to attend a community consultation session where we will present our preliminary concept design and answer any questions that you may have about the proposal.

We find that the local community usually has many questions about our service and we will have members of the Belgrave Paramedic Team, Ambulance Victoria Property Services Department and representatives from the Shire of Yarra Ranges there to answer your questions about our service;

- How do Paramedics work and behave within your local community?
- What does an ambulance branch usually look like?
- What type of design would be appropriate within this hills location?
- How has Ambulance Victoria engaged with the Council for the Planning Application?
- Can I provide feedback on the proposal?

Belgrave Ambulance Branch Development - Community Consultation Session

Where: 1 Rocksleigh Ave, Tecoma
When: Wednesday 13th November 2013
Time: 5:00pm – 7:00pm

We look forward to seeing you at the Community Consultation session but please do not hesitate to contact me if you have any additional questions – I can be contacted as detailed below.

Yours sincerely,

Kate McDermott | Property Development Manager | Property Services
Ambulance Victoria | Level 1, 599 Doncaster Road, Doncaster Vic 3108
